

# Magic Slim

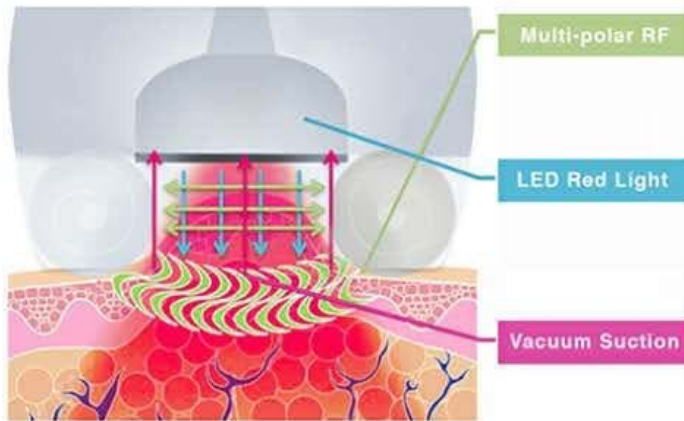

Innovative Multipolar  
Radio Frequency Technology

- Firm** > Redensify and tone the skin
- Rejuvenate** > Smooth fine lines, wrinkles and cellulite
- Drain** > Detoxify through lymphatic drainage
- Slim** > Reduce fat layer, reshaping face and body

Magic Slim is a 3-in-1 Korean Latest Slimming Technology that produces thermal energy from 55°C - 60°C in the interface between the skin surfaces and the dermis interface, dermis and subcutaneous fat to cause lipolysis and break down the cellulite; to promote the regeneration of collagen and tighten the skin.

## HOW does it work?

**Radio Frequency:** Targeted throughout the dermal layer of the skin to promote collagen contraction and regeneration, that helps to firm and improve skin texture. Controlled heat energy from 55°C - 60°C is delivered via electrode and it is ONLY targeted to the treatment area. Thus, an immediate result is visible!

**LED Red Light:** Excellent in diminishing the signs of aging. It is clinically proven to stimulate the production of elastin and collagen, the proteins responsible for keep the skin firm and toned.

**Vacuum Suction:** Physical therapy using the air pressure helps to improve blood circulation, and lymphatic drainage, face/ body contouring and reshaping, and promote tissue metabolism.

## Key Features

- Innovative Multipolar probe (Combination of Radio Frequency, Vacuum Suction, and Red LED Light), delivering focused treatment with an immediate visible result in 20 minutes!
- User-friendly interface.
- Shorten the treatment time with the 3-in-1 probe! Fast business turnover!
- No consumables, cost effective.
- Light weight beauty instrument – saves space.

## Magic Slim Probe

Big Probe - Recommended for tummy and legs (thighs & calves)

Medium Probe - Recommended for arms and calves

Small Probe - Recommended for face, eye contour and neck

## Benefits

- Improve lymphatic drainage
- Promote blood circulation
- Enhance product absorption
- Face & body contouring and reshaping
- Tightening of connective tissues
- Reduce cellulite
- Improve skin elasticity
- Reduce fat layer
- Stimulate and boost collagen regeneration

**Cellulite Treatment**

**Face Lifting**

**Wrinkles Removal**

**Slim & Shape**

## Technical Specifications

Rated Power	200W
Rated Voltage	220V
Infrared Wavelength	1470nm
Vacuum	250Kpa
Pulse Repetition	1-20Hz (optional)
Multipolar RF	5MHz
Hand pieces	1x Big (diameter 8cm) 1x Medium (diameter 6cm) 1x Small (diameter 3cm)
Gross Weight	20kg
Equipment Size	34cm x 40cm x 91cm
